Poor Man’s 3D Virtual Reality Glasses

BEST PRINTED USING:
> borderless printing
> fit to letter (8.5x11”)
> thick paper / glossy photo paper.
OPTIONAL SIDE PARTS, MIDDLE AND EYE CUPS

LEFT AND RIGHT PATRS: help reduce glare.

MIDDLE PART: goes inside in the middle to reduce overlap artifact. Allow room to slide in phone.

EYE CUPS: can help make more immersive. Wrap into cylinders and tabs should slip between lens and eye holes.
